

HMGB Ethernet module, 4x2PIN

Model Number HMGB-008-FC-1

Item No. 1 007 04 000 0097

Technical data

Product attributes

Series	HMGB
classification	Parent module
Number of stitches	4x2 + PE
Rated current	5A
Rated voltage	50V
Rated pulse voltage	0.8 kV

Technical parameters

Insulation impedance	$> 10^{10} \Omega$
Operating temperature	-40 °C ... 85 °C
Insulator material	Polycarbonate (PC)
Conductor material	Zinc alloy
Degree of contamination	3
Surface Treatment	Passivation
Pluggable times	≥ 500

Business data

Packaging Unit	2 pc
Place of Origin	CN

Weight 0.004 Kg

* The design data listed here, and the changes related to the products will not be explained here. Please contact customer service for uncovered matters. It is the user's responsibility to verify functionality, compliance with applicable laws and directives, and electrical safety in specific applications.

peculiarity

- Ethernet module
- UL94-V0
- 4x2 + PE
